

## Virtual event

**COP28: Key insights, opportunities and challenges for climate and agriculture**

**5 | MARCH | 2024**  
**Time | 09.00-11.00 (EAT)**

## Background

The 28th Conference of Parties meeting to the UNFCCC (COP28) took place in Dubai at the end of 2023. There were a number of key developments relevant to agriculture and farmers.

This Eastern Africa Farmers Federation (EAFF) workshop will unpack the perspectives of different stakeholders who will share their insights on key opportunities and challenges arising from the COP28 outcomes. This information will help EAFF and its member organisations determine their priorities for 2024 towards COP29.
