VIRTUAL WORKSHOP

WEDNESDAY | **5th** MARCH | **2025**
09.00-12.30 | EAST AFRICA TIME

From Baku to Belem: Key insights and next steps for climate and agriculture

Background

The Eastern Africa Farmers Federation (EAFF) and Accelerating Impacts of CGIAR Climate Research for Africa (AICCRA) are pleased to invite you to a workshop that will unpack the key outcomes of COP29 and their implications for African farmers, agriculture, climate ambition, and finance. This important event will bring together a wide range of stakeholders to explore the opportunities and challenges arising from COP29's outcomes, helping EAFF and its member organisations

shape their priorities for 2025 in anticipation of COP30. Additionally, the workshop will review key farmer-related decisions from COP16 of the United Nations Convention on Biological Diversity (UNCBD) and the United Nations Convention to Combat Desertification (UNCCD). Join us for this discussion to guide the future of African agriculture and climate resilience.
