

## **INTERNATIONAL LAND COALITION**

### **Regional Platform 2: ‘Strong Small-Scale Farming Systems**

#### **Introduction**

The International Land Coalition (ILC) is a global coalition of civil society organizations and intergovernmental organizations that work together to promote people-centered land governance.

The organization works through regional, national and thematic strategies. In 2007, ILC launched regionalization process in Africa, Asia, and Latin America. The regional platforms have been established to allow members strengthen their ownership of the coalition and ensure that its actions are relevant to the specific regional platform.

#### **THE RP2 Forum – “Strong Small –scale Farming Systems “**

The RP2 aims at promoting people –centered land governance through equitable land distribution and public investment among its members.

The members include; ROPPA, CPF, NO-VOX COTE D’IVOIRE, EAFF, Price Water Coopers (PWC), PROPAC, CEPA and MYO.

#### **PRIMARY OBJECTIVE OF RP2**

To consolidate ILC activities in the Sub-Saharan region and prioritize actions in line with the ILC’s 10-year Strategic Framework while taking into account regional, national and local contexts.

#### **MANDATE OF THE RP2**

- To support ILC Africa members in strengthening their ownership of the Coalition and ensuring that its actions are relevant to the specific regional context.
- Coordinating and planning and implementation of activities.
- Mobilizing the required financial resources.
- Facilitating communication and collaboration among members.
- Monitoring, evaluation and reporting on activities undertaken by member.
- Provision of feedback on organizations from the region applying for ILC membership.

#### **Thematic Areas of The ILC Project**

- Inclusion
- Climate Change resilience and adaptation
- Capacity building and knowledge creation
- Partnership and collaboration
